WHAT IS APAAR?

APAAR, which stands for **Automated Permanent Academic Account Registry,** is a life-long, 12-digit unique identification system designed for all students in India. The National Education Policy of 2020 calls for the need to create a unique ID for student, that will help track students academic progress and manage their education more effectively throughout their learning journey.

It also supports in broader goals like digitization, personalized learning, universalization of education by bringing back Out of School Children (OoSC) into schools and enable more efficient interventions in students' educational paths.

APAAR
ONE NATION. ONE STUDENT ID

Key Features of APAAR:

Comprehensive Academic Records: APAAR ID will help in maintaining a detailed and permanent record of each student's academic history, including courses taken, grades, certifications, and achievements across different educational institutions through its Digi Locker integration.

APAAR
ONE NATION. ONE STUDENT ID

Key Features of APAAR :

Monitoring and Evaluation: APPAR ID when combined with **Academic Bank of Credits (ABC) Vidya Samiksha Kendra (VSK)** will enable a comprehensive monitoring framework that will understand efficacy of educational outcomes, scholarships, benefit programs and other schemes implemented by the state and central government. End user tracking can be made possible at all levels of administration (School/Cluster/Block/State/National) through APAAR and VSK.

Key Features of APAAR :

Data Security and Privacy: APAAR is built of robust security measures to protect students' data ensuring that their personal and academic information is secure and accessible only through authorized users. Multilingual consent forms are shared with parents/guardians for authorizing the generation of APAAR ID for each student.

APAAR
ONE NATION. ONE STUDENT ID

Key Features of APAAR :

Transparency and Accountability: Students can access their academic records from anywhere, at any time, facilitating easier transitions between educational institutions, skilling, when applying for jobs or higher education. The system will provide real-time updates to student's academic records, ensuring that their information is always current and accurate.

APAAR
ONE NATION. ONE STUDENT ID

Key Features of APAAR :

Universalization of Education: APAAR will facilitate the tracking of each student's enrollment, attendance, grade progression etc. in compliance with the RTE Act. It will also help in tracking Out of School Children (OoSC), Gifted Children, children from marginalized communities and their engagement with educational institutions. Henceforth supporting government policies and initiatives to achieve its desired outcomes.
